Packing and Shipping:

Packaging and Shipping Dimmable LED Light Bulbs

Dimmable LED light bulbs are packaged and shipped in a secure, padded box or envelope. The package includes instructions on how to install and use the bulbs. The bulbs are securely packed to ensure that they arrive safely and in working condition.

The shipping cost for dimmable LED light bulbs is determined by the size and weight of the package, as well as the destination. Shipping costs are generally calculated per package, but discounts may be available for multiple orders.

When ordering Dimmable LED light bulbs, customers should make sure to double-check the shipping address, and to provide accurate contact information in case the package needs to be redirected.
