## Product Description

12V Underwater LED Boat Lights with 900LM Lumens and 6500K Color

### Product Description:

Underwater LED Boat Lights is designed to provide brilliant and ambient lighting for boats, yachts, and swimming pools. The light features four colors, including white, blue, green, and red. With the 45° beam angle, this light offers a wide coverage of lighting. It is also equipped with 12V voltage and IP65 waterproof rating. This light is perfect for all aquatic vessels and applications, making it a great addition to any lighting system. Whether you are looking for illumination for your boat, yacht, or swimming pool, this Underwater LED Boat Light is the perfect solution. Its robust design and waterproof rating ensure that it is capable of withstanding the harsh conditions of the marine environment.
